

**PLG Schools
offers quality,
affordable
private education**

We bridge the financial gap between government school fees and the “elite” independent school fees, bringing the benefits of private education to many more families. Our vision is to make independent learning more accessible to communities across the country.

PLG Schools offers a co-ed learning environment from Pre-Primary to Matric with English as the primary medium of instruction.

At PLG Schools, we aim to inspire your children to have the life-long love of learning that will allow them to play a meaningful role in their communities throughout their lives. We believe strongly in holistic development and work to refine and develop your children’s communication, social skills, self-discipline and respect for themselves, their peers and their environment.

We foster your children’s growth not only in a classroom but on a social level as well. We incorporate general teaching techniques with teamwork, self-expression and personal development that happens inside and outside the classroom in order to deliver a well-rounded education.

We do more than educate - we prepare your child for a bright future!

PLG Schools South Africa

Affordable Private Education

PLG Willow View Academy

PLG Willow View Academy is close to the O.R Tambo International Airport and is fulfilling the need for quality, affordable private education in this area. The school is situated in a **serene country** atmosphere, adjacent to a picturesque willow-bordered lake. The natural setting is a wholesome environment in which your children can enjoy an active, healthy life.

PLG Willow View offers Pre-primary, Primary and High School.

In addition to attractive amenities, the school offers **boarding** facilities for Grade 3 to High School, with a maximum capacity of 50 learners. Boarders are accommodated in comfortable rooms (two beds) with en-suite bathrooms.

Aftercare facilities are also available, providing peace of mind for parents who are unable to collect their children directly after school. Aftercare includes a healthy lunch.

A variety of **extra-curricular** sports are offered to develop your children's fine and gross motor skills. Learners are encouraged to participate in sports at a level that they are comfortable with, whilst challenging their fitness and building their skills. Sports include soccer, cricket, hockey, athletics, netball, tennis and swimming.

THE EDUCATION PILLARS AT PLG SCHOOLS:

We believe that our five pillars of education will create the structure for your children to move into society with the confidence and capability required to optimise their full potential.

Academic Excellence: We follow the South African Schools Curriculum (CAPS) with emphasis on building a foundation of academic excellence. Certain PLG schools will include the IEB matric examination.

Constructive Discipline: We hold to a culture of positive, constructive discipline that reinforces reasonable boundaries and social norms. Our Christian ethos nurtures the understanding of consequences, grace, forgiveness and restorative action. We believe that these lessons in Discipline create greater self- and social awareness allowing your children to become well-adjusted and productive adults.

Strong Values: Our Christian ethos relies on integrity, honesty, respect and love for others. These values foster the solid moral development that will guide your children through their lives.

Creative Thinking: In our entrepreneurial age, innovation and creative thinking are key to reaching personal and professional goals in life, which is why we encourage creative expression and nurture problem-solving skills from a young age.

Individual-Based Teaching: We provide personal attention to every child, focussing on what they need to thrive and reach their potential. Classes are kept small with a maximum of 25 learners per class.

Technological Integration: Technology is a vital component of education in the 21st century and there is a strong focus on computer literacy and utilising technology aids
