

PLG HARTIES ACADEMY

WELCOME

PLG Schools South Africa is an affordable, quality, private education group with a vision to make private learning more accessible to communities across the country. PLG Schools aim to bridge the financial gap between government school fees and elite private school fees, thus bringing the benefits of private school learning to many more young minds. PLG Schools offer a co-ed learning environment from Pre-School to High School with English as the primary language.

PLG Harties Academy, previously known under the Doxa Deo banner, is situated in the beautiful Xanadu Eco Park in Hartebeespoort.

ABOUT PLG SCHOOLS

PLG Schools is devoted to ensuring the best possible learning environment for your children, as we do more than educate our students. We prepare them for life.

Through our more than capable teachers, who are hand picked with excellent academic and sporting facilities, we will enhance the holistic development of your child. This includes refinement and development of communication skills, self-discipline and respect for themselves, their peers and the environment in which they live in. We allow your children to grow not only in a classroom but on a social level as well.

CHRISTIAN ETHOS

English philosopher Dean William Inge, described the aim of education as “the knowledge, not of facts, but of values”. It is the aim of PLG Schools, from their inception, to provide values that are centrally focused around a strong Christian Ethos.

PLG Schools aim to encourage each pupil to reach their fullest potential academically, to develop to their highest level of sporting excellence, and also to nurture a third important area – the spiritual aspect.
